The Hamilton Wood Turners Club COMMITTEE

OK WHO'S WHO: Starting with the bloke wearing a beanie and then naming clockwise.

Don McNaughton; Murray Price; Andre` Duijnmayr (President);
Robert Wiseley (Treasurer); Spencer Heald (Secretary); Stephen Hawley;
Stephen O'Connor; Bob Hoyle; John Baker; Michael Doyle

Each member of this team of dedicated volunteers has a designated responsibility in order to share the club operations workload. **NOTE:** *I attend these meetings as an ex-officio member to keep the committee informed about turning sessions, workshop requirements, membership matters and progress with member's projects.* **Clive**

JOHN BAKER used Tazzie Blackwood to experiment with inserting a strips of American Ash veneer.

This is a first attempt and a probable launching pad for further experiments.

The fancy lid with its intricate Dremel-tool-made- pattern has been removed to allow a better view of the strips of veneer.

Special thanks to **Michael Doyle** for donating several bags of veneered woods

Several members have selected their blocks of Tazzie B-wood and about to have a go at bowls with inserted veneers. Then maybe a shot at inserting a soft metal such as copper plate would be the next step.

NOTE: If you are bonding metal to wood you must have the appropriate glue. Do some research before attempting this work.

YES, the workshop is open tomorrow (Saturday 29th August)

9.00 - 12 Noon

Duty Officer: Murray Price

MALCOLM DOWNEY, another new member, has made an excellent start to his induction programme by quickly learning the benefits of “rubbing the bevel”

Goodonya Malcolm!

DAVID ROSE used swamp kauri to turn his goblet featuring smooth flowing lines.

The next challenge will be to turn a very thin-walled goblet that has a proportionately thin stem of not less than 100mm long.

Woo Hoo!

You can do it David.

The TUESDAY CREW

Last week the newsletter published photos of the Wednesday and Thursday teams so this week it's the turn of the TUESDAY team.

A capacity roll of 13 (*Wayne O'Halloran and Sarah Nelson were absent this week*) with each member engaged in a personal project ensured a busy workshop throughout the day.

This photo was taken during the morning tea break.

NOTE: The NEIL JOYNT demonstration day has been postponed because of Mr COVID's interference.

This event is now rescheduled to Saturday October 10th

is the closure date for the MORTAR and
PESTLE challenge.**

**Put yours into the white box provided
with both pieces clearly labelled.**

MITCHELL has put in a few turning hours to produce this quality eye-catching kauri platter.

Lots of care has resulted in a great finish.

As a newbie turner **TRAVIS's** enthusiasm knows no bounds.

An excellent job here.

Next week it's an introduction to pen making.

ROSS used a block of spalted ALDER wood for this little beauty.

Grain lines and fungus stains galore!

Good one Ross

Neil Joynt – wood turner and artist to visit.

Hamilton Woodturners Club is hosting the NAW (National Association of Woodworkers) Neil Joynt Tour in our workshop:

486 Whatawhata Road, Hamilton

~~On Saturday August 29th, 2020,~~

10.30 am till 4.00pm.

Postponed!

(Adjusted because of Mr Covid)

New Date 10th October

This is a Demonstrating day and all members are encouraged to come along. It doesn't matter how long or short you have been turning, you are sure to pick up ideas and learn from a very experienced and talented Turner.

Morning tea and BBQ lunch will be provided. Free to members of Hamilton Woodturners Club. \$5.00 to others

This is open to all members of our club and other wood crafting Groups in the Waikato and beyond.

The cost is \$40 for people who are National Association of Woodworkers (NAW) Members and \$85 for non-members of NAW. You can join on the day - plus raffles and Morning Tea & lunch if not members of HWC.

Consider becoming a member of NAW for the cost of ~~\$50.00~~ \$25.00 (50% discount) for just \$65.00 total get the benefits of been a member and attending the Demonstration day. Value!!!

Neil will be demonstrating the following three techniques at this workshop / class over the course of the day. See below for further details:

- Turning a Thin wall pot and Pyrography;
- Turning a Lidded box with inlay.
- Jewellery for Markets

Who is Neil?

Neil Joynt has been woodturning off and on for 25 years. He is a self-taught wood artist living in a rural location in Tokoroa New Zealand. Prior to this interest in woodcraft Neil always had a creative bent. In his late teens he enjoyed making jewellery, working copper and brass. Today Neil works as a wood turner and artist. He is deeply inspired by the naturally occurring patterns of wood grain and the hidden beauty within each piece of timber. When not creating Neil is keen to demonstrate and teach his techniques to all who ask. Cheers, Murray

Mortars and Pestles Challenge

?

Reserved spot for a picture of your contribution

All completed Mortars and Pestle projects
must be handed in by Thursday of next week
(3rd September)

Take care and stay safe everyone,
See you all next week

Clive
