## The TT's Top Turning for this week

Gary's first shot at a natural edge bowl turning extended his bank of skills.

Methinks there will be more to follow now.

A "Goodonya" gong awarded for this project.

**COLIN** turned this beauty on one day during the week and sold it the next.

A large bowl made from yellow-heart kahikatea with its striking colour variations and swirls.

A real humdinger here!

**ANDRE`** used some scrap wood to produce a set of snazzy spinning tops as part of his toy-making contributions.

**SORRY - We had to CANCEL**

**SATURDAY MORNING  
26th October (tomorrow)**

**It's LABOUR WEEKEND so our usual Open  
Workshop is CANCELLED**

Normality will resume next week, Nov 2nd, when **Murray** will be available to assist the Saturday morning enthusiasts.

# TOY-MAKING FOR CHRISTMAS

WOW! WE have made a busy start to the TOY MAKING programme.

All here sessions were extended by an hour this past week and many members took advantage of the earlier starting time to kick-start their toy creations.

Puzzles, race cars, ball catching gizmos, skipping ropes, airplanes and helicopters, animal shapes, knitting thinga-me-jigs , baseball bats, toodle-toddle toys, watcha-ma-call-it waddle ducks and dopey penguins are but a few of the ideas to date.

The three collection boxes are starting to fill.

Our toy-making programme will continue until SUNDAY December 8th when all contributions will be put on display at the club's end-of-year Christmas function.

When all is completed the entire collection will be handed over to selected charitable organisations for distribution to appropriate recipients.

Make one.    Make two.    Make more.    Make a child happy this Christmas.
