42 people have indicated attendance at this function.

TT revisited...

- toys will be on display
- turners to take along one of the year's best turnings
- Oh yeah! must put in my candlestick entry (neat prize eh..)
- Sunday 8th December 11.30am
- venue is at 65 Keswick Crescent, Huntington, Hamilton
- if I get lost ring 021546084
- bring a plate to share
- BYO refreshments
- now what day is it again?.....
- gee that's a great picture of a...

Murray

Here's one of our TT readers keeping himself well – informed about club operations.

"OK got it...Sunday 8th December.. start 11.30 am... BYO....displays of turnings...ah ha!.."

ANNE LOW made a great job of her two bowls and has already started her next project

- a coffee cups tower.

All Welcome
Saturday morning free turning session
30th November (tomorrow)
9.00am - 12 noon
Support person: Murray

MALCOLM VAILE is another of the club's willing adventurous turners who is keen to have a shot at any kind of turning challenge.

Creativity and class are clearly evident in these two turning projects.

Big "Goodonyas" for these.

Preparations for the fast-approaching 2020 year

Planning for the operation of the Hamilton Wood Turners' Club in 2020 is underway.

In the coming weeks you will be asked to indicate your attendance/commitment to your preferred session. Best to get in early to secure your place at a lathe at one of the sessions to be operating in the new year.

In addition, the committee's policy gives priority to full-time members over part-time members.

BOOK YOUR 2020 PLACEMENT NOW

On-going wood turning courses will commence on **Tuesday 4th February 2020**

The courses each of 30 hours duration, will be organised as follows:

TUESDAY	(day)	5 X 6-hour sessions
WEDNESDAY	(evening)	10 X 3-hour sessions
THURSDAY	(evening)	10 X 3-hour sessions

Session timings:

1. All day session on TUESDAYS starting at 9.00am and finishing at 3.00pm
2. Evening session on WEDNESDAYS starting at 6.00pm and finishing at 9.00pm
3. Evening session on THURSDAYS starting at 6.00pm and finishing at 9.00pm

Some early 2020 planning.

Current club members have indicated they will be prepared to lead a number of special project initiatives including: Spherical shapes – ball making; drinking cup holders; resin inlay projects; colouring wood. It is also planned to have another focus on SKEW chisel techniques, and demonstrations from master turners.

See you in 2020 when all of us can continue being learners of wood-turning skills.

Wood Turners' Club**

COLIN's Natty Little Nick-Knack for pen making .
An easy-peasy way to insert a slimline pen brass tube.

Fit a washer onto a six-inch nail. The diameter of the nail will fit inside a slimline brass tube.

Holding the nail apply glue to the brass tube. (no glue on fingers eh)

Now slide the gluey brass tube into the 7mm pre-drilled hole. (No mess Charlie eh)

....and there you have it! The glued-up brass has been inserted safely.

Make yourself one of these simple mess-saving gadgets. The washer acts as a bush on the six-inch nail and helps prevent the glue from getting into the brass tube.

A "Goodonya" gong for this idea. Thanks Colin.

BRADLEY's bowl has a silky-smooth finish and evenly-sized walls from rim to rim.

Well done Bradley! Googonya!

Shape, finish and evenness throughout its design are special features of **IVAN's** large bowl.

Persistence pays off here. Goodonya!

More candlestick competition entries are needed.

Have you completed yours yet?

Any size, any shape, any wood, any design, any anything - as long as it can hold a candle.

A great \$100.00 prize for the winner.

Bring your entry to the Dec 8th function.

See you all next week

Cheers

Clive
