

LOCKDOWN EXPRESS No 14

Yayyyy Level 1
here we come!

Well we made it to this point. So what do we need to do in order to clock and lock into Level One? We await the review of the Level 2 status

Date for the grand reopening of the workshop?
Watch this space in a future Lockdown Express.

Free turning wood.

If any member would like some Redwood or Poplar wood then please contact Jeanette Adams: ross.nette@xtra.co.nz. These trees have recently been felled. If interested contact Jeanette who lives on Wallace Road (not far from our clubrooms). You are invited to collect wood a.s.a.p.

GARY JUDKINS continues his range of well-made projects using recycled rimu wood. The picture on the right shows the inside of the lid and the base of the pot. Note the use of a \$10 texturing tool to add effect. Goodonya Gary.

JOHN BAKER has turned a clevver set of pots for someone's art studio perhaps. The artist must be a well-organized person. A place for everything and everything in its place. A thoughtful range of sizes to accommodate the varied equipment.

Believe It or Not!

They're Back! Funnies to make you smile.

Those wonderful Church Bulletins! The following sentences actually appeared in church bulletins, or were announced at church services.

The Fasting & Prayer Conference includes meals.

Scouts are saving aluminum cans, bottles and other items to be recycled. Proceeds will be used to cripple children.

The sermon this morning: Jesus Walks on the Water. The sermon tonight: Searching for Jesus.

Ladies, don't forget the rummage sale. It's a chance to get rid of those things not worth keeping around the house. Bring your husbands.

Don't let worry kill you off - let the Church help.

Miss Charlene Mason sang 'I will not pass this way again,' giving obvious pleasure to the congregation.

For those of you who have children and don't know it, we have a nursery downstairs.

Next Thursday there will be try-outs for the choir. They need all the help they can get.

Irving Benson and Jessie Carter were married on October 24 in the church. So ends a friendship that began in their school days.

A bean supper will be held on Tuesday evening in the church hall. Music will follow.

At the evening service tonight, the sermon topic will be 'What Is Hell?' Come early and listen to our choir practice.

Eight new choir robes are currently needed due to the addition of several new members and to the deterioration of some older ones.

Please place your donation in the envelope along with the deceased person you want remembered.

The church will host an evening of fine dining, super entertainment and gracious hostility.

Pot-luck supper Sunday at 5:00 PM - prayer and medication to follow.

The ladies of the Church have cast off clothing of every kind. They may be seen in the basement on Friday afternoon.

This evening at 7 PM there will be a hymn singing in the park across from the Church. Bring a blanket and come prepared to sin.

The pastor would appreciate it if the ladies of the Congregation would lend him their electric girdles for the pancake breakfast next Sunday.

Low Self Esteem Support Group will meet Thursday at 7 PM. Please use the back door.

Weight Watchers will meet at 7 PM at the First Presbyterian Church. Please use large double door at the side entrance.

The Associate Minister unveiled the church's new campaign slogan last Sunday: 'I Upped My Pledge - Up Yours.'

STEPHEN HAWLEY made another one of those rather tricky three-corner pot turnings, this time using pohutukawa wood found in a scrap bin.

It's some time now since Colin McKenzie facilitated this turning challenge for volunteer club members. At first there were some anxious moments as programme participants came to terms with the process. Determination and a desire for success proved to be the important ingredients in winning the battle. Judging by the result in the picture it is clear that STEPHEN's confidence and skill base has spiraled upward rapidly. A humdinger job!

Some folk come from a practical point of view when deciding what to make next on the workshop lathe.

JOHN BAKER used recycled parts to add to his rimu-based bedside lamp.

Now the LOCKDOWN EXPRESS will be easier to read each night just before nodding off.

The bilbous shape at the bottom will

COIMMITTEE meeting last night (Tuesday 19th May)

HERE they are - your committee seated and spread out to comply with the Level2 requirements.

(I had to take two photos to get them all in.)

At last night's scheduled committee meeting there was lots of discussion about the re-opening date for our workshop to allow the resumption of the thrice-weekly turning sessions.

Tentative plans were espoused about ensuring members' safety, including social distancing, sanitizing, hand washing with hot soapy water, disinfecting communally-used tools and machinery and contact tracing procedures. It was decided to wait until the government's scheduled review of the Level 2 period and get some steerage from that review.

A tentative agreement was reached. **IF AT ALL POSSIBLE, and DEPENDENT on any new REQUIREMENTS there is a chance that TUESDAY 2nd June could be the date for reopening. Do not take this as being definite, do wait until it becomes official.** Whatever the decision you can be sure that we will need to operate in a way that puts your safety as the absolute highest priority. Thus expect changes in the way we function. **MORE NEWS to come. Cheers Clive**
