

Turners Tidings

www.hwoodturners.org

Date:	18 August 2023	No.16
Club president:	Stephen Hawley stephenjohnhawley@gmail.com	
Editor:	John Baker 0210697636 johntepahu57@gmail.com	

We have a committee meeting on Tuesday 22.

Remember, the committee is tasked with keeping the club running smoothly for the benefit of all. If you have any thoughts, comments or suggestions, make sure you pass them on to a committee member for action.

The latest raffle is now up and running. There are five amazing prizes in all, donated by various generous club members. This is a great way to support the ongoing operation of the club and potentially come away with some great prizes. See the poster on the next page for details.

And please pencil in the next working bee if you are able, coming up on 2 September.

Two views of Garys excellent Walnut bowl. He also grew the grass himself

RAFFLE

5 super prizes to be won.

Tickets are only \$5 each

There are two easy ways to pay:

- By cash into the tickets tin in the workshop
- By Internet Banking to the Club bank account – include your name and the word “Raffle” in the Reference column

The raffle will be drawn when we have sold a large number of tickets

Plus these two very high quality pieces of wood

kindly donated by Colin

Power Face Mask

Kindly donated by David Rose

Bosch 3.6v Cordless Driver

Kindly donated by Michael Doyle

Bosch 10.8v Cordless Drill

Kindly donated by Michael Doyle

Any queries contact Stephen Hawley

Black Birch platter from Gordon

Alans Walnut bowl

Bill has found various uses for his supply of old cross arms.
He found his emerging bowl particularly challenging, but worth the effort

Richard . Shallow Elm bowl with dyed interior. 230mm

Pohutakawa yarn bowl from Malcolm V

Michael create some laminated bud vases to put our tulips in. Made from recycled offcuts. Never waste a piece of wood!

Someone tried to slip this one past the editor. This was not made on a lathe. But it may be the start of the Christmas toy project

Lathe for sale

Nova 1500 with a variable speed unit, plus a few boxes of accessories.

Please contact - Peter Robertson on 021 978 343

His address is - 17 Bridgman Road, Te Awamutu

For Extra Points

When adjusting the tool rest what should you do to the lathe? Why?

Last weeks answer

We use the Cole Jaws or a Longworth chuck for reversing the work to finish it in the lathe

FUTURE FOCUS
