## Tutor's comment

The workshop will reopen this coming week on TUESDAY 21st September.

Until Covid level 1 has been announced and applicable to our area I regret I will not be able to provide tutor services in the way I have regularly worked in the past.

Maintaining a safe distance while assisting club members with their turning projects is not always possible. I do not wish to take risks or put anyone else at risk.

Please read the message from the club president included in this week's publication of your newsletter.

Please adhere to the operational requirements which are based on standard Covid safety practices.

I sincerely hope I can rejoin the team very soon. **CLIVE**

### The LOCKDOWN Challenge

**COLIN MCKENZIE** used a lamination of purple heart and white maire woods for this eye-catcher.

**Top job Colin**

**JOHN BAKER** reckons he has developed withdrawal symptoms due to club activities being on hold because of Covid restrictions. However, that hasn't prevented him from turning out high quality projects like the one shown in picture left.
